

## Prerequisite Software

Date	14-11- 2022
Team ID	PNT2022TMID20456
Project Name	Smart Farmer-IoT Enabled smartFarming Application

**Python 3.10.7 latest version was installed**

The image displays two side-by-side screenshots of a Windows environment. The left screenshot shows the IDLE Shell 3.10.7 window. The title bar reads 'IDLE Shell 3.10.7'. The menu bar includes 'File', 'Edit', 'Shell', 'Debug', 'Options', 'Window', and 'Help'. The shell text area shows the following text: 'Python 3.10.7 (tags/v3.10.7:6cc6b13, Sep 5 2022, 14:08:36) [MSC v.1933 64 bit (AMD64)] on win32', 'Type "help", "copyright", "credits" or "license()" for more information.', and a prompt '>>>' followed by the user input 'print("helloworld")' and the output 'helloworld'. The right screenshot shows a command prompt window titled 'Python 3.10 (64-bit)'. The text area shows the same version information as the IDLE shell, followed by a prompt '>>>' and the user input 'print('hello')', resulting in the output 'hello'.
